Review

"A Simple Heart" ("Un Coeur Simple"), by French writer Gustave Flaubert, is one of the stories in his Three Tales (Trois Contes), published in 1877. It received admiring reviews at the time and has continued to be second only to his novel Madame Bovary (1857) in recognition and acclaim.

Originally entitled "Le Perroquet" ("The Parrot"), "A Simple Heart" is the story of one woman's apparently fruitless existence. The protagonist, a hardworking, good-hearted, poor and uneducated woman named Felicite, is said to have been modeled after a maid employed by Flaubert's family during his childhood, a much beloved woman of tremendous character. The story is unusual among the author's writings because it is about goodness. In this story of a simple housemaid's life and death, the reader is invited to view a world of boundless, if not reciprocated, love and spirit. Felicite, a woman of simple mind and devoted heart, suffers tremendous loss but continues to her last breath to love unconditionally. Some critics have suggested that Felicite's apparently meaningless life and misplaced worship of the parrot, Loulou—whom she adores and whom she imagines, in her dying moment, to be an incarnation of the Holy Ghost—reflect Flaubert's melancholy and disillusionment with life and with organized religion, particularly the Roman Catholic Church. Most critics agree that this is a poignant account of a sweet, simple, and unrewarded life, one which may have been happy precisely because it was unexamined. It does not matter that Felicite may have misinterpreted or simply not interpreted many of the events in her life: she dies smiling, and thus lives up to her name to the last.

Short But Powerful and Impressive

By Jack Ridley

Gustave Flaubert (1821 to 1880) was a French writer who is still considered to be among the greatest

western novelists. He authored *Madama Bovary* which is considered to be the perfectly balanced modern novel. That novel and the author's style and approach has been hailed by a range of writers and critics including, for example, Saul Bellow, who modeled his own novels from Flaubert's works. Flaubert's writings have been referenced by Nabokov and many others as being an inspiration to a whole century of Western writers, and helped to launch the age of realism in novels.

The present story comes from the 1877 publication *Three Tales* (*Trois Contes*). It consists of the short stories: *Simple Heart*, *Saint Julian*, and *Herodias*. *Dance of Death* is another story sometimes grouped with *Simple Heart* and *Saint Julian* as *Three Short Works*.

A Simple Heart was inspired by biographical events in Flaubert's own life: he lived in rural Normandy, he had problems with his studies similar to the character Paul, and he was prone to epileptic seizures similar to the protagonist Felicite.

I read the story first without looking at any analysis, made up my own mind, then read the analysis. What struck me was that Flaubert had crammed a whole lifetime of human emotions into a single very short story. That all by itself was impressive. How could someone come up with that idea? Amazing.

A Simple Heart, also called *A Simple Soul* or *Un Coeur Simple*, in French, is a story about a girl named Felicité. She is a servant who has lived with the same family ever since she was betrayed by her lover. She has a strong sense of loyalty and self sacrifice: she lives to help others.

This short story has been admired by many critics over the years and used as a basis or a source of inspiration for other stories.

This takes only an hour or so to read and is highly recommended.

Short and simple tale

By Leapin' Literary Lurkers

Flaubert has always been one of my favorite authors. This brief glimpse of a servant's dedicated life demonstrates the closed world in which she lived illuminated by her mistress' children and a beloved parrot. It deals with the pangs of loyalty and death in a soul of limited compass. A simple life in all regards.

Truly a Simple Tale of a Simple but Strong Woman

By Patricia

A very brief little book - and it is hard to imagine that it is from the author of *Madame Bovary*! It traces the life of an uneducated, ignorant but strong and faithful French country woman who spent her life in service, both as a maid to the woman she worked for over many decades, and to the relative that she loved and finally even to her pet parrot. Her uneducated faith was her guiding principle and she was always an untiring worker. It will probably make you think of someone you have known - if you are lucky enough to have known such a person.
