I never did enjoy History while in grade school because it seemed just a bunch of names and dates to memorize. Now at 81 I find I enjoy all the novels based on American history I can find. I wanted to find an older American History book to refresh my memory. I hate to see our education system being able to change out history to suit political purposes.

Got this text book to keep at home so my son wouldn't have to carry so many heavy large books in his backpack. Plus not having to worry if he forgot it to do homework was nice.
