# **BAD ROMANCE: A STEPBROTHER NOVEL (FORBIDDEN LOVE) BY JEN MCLAUGHLIN PDF**

In this explosive novel from bestselling author Jen McLaughlin, a good girl falls for the ultimate bad boy: her stepbrother. Perfect for fans of Sabrina Paige, Caitlin Daire, and Krista Lakes, *Bad Romance* proves that passion can be so wrong it's right.

Seven years in the army will change a guy. But after a shoulder wound ends his career as a sniper, Jackson Worthington finds himself back home, fighting a battle that's all too familiar: keeping his hands off Lily Hastings. She's still her rich daddy's little angel, innocent, impossibly lovely, as squeaky-clean as Jackson is dirty. And she's still his stepsister—*forbidden* but not forgotten, not after the soul-melting kiss that got him kicked out of the house at eighteen. He couldn't resist her then. How the hell can he resist her now?

Lily is about to marry a man she doesn't love, and commit to a high-stress job she hates, all to please the father who controls every waking moment of her life. On top of everything, her teenage crush is back, with a sleek, chiseled body and a trace of the rebellious boy whose lips sealed her fate. Jackson's timing couldn't be worse . . . or better. Because Lily's all grown up, too. She's aching for another taste. And for the first time, she's ready to be a bad girl.

Lily is engaged to marry a man she doesn’t love because she’s all about pleasing the parental instead of ...

By Adria Reyes

\* A copy of this book was provided by the publisher via NetGalley for the purpose of an honest review.

I was all set to read a “taboo” romance with step siblings in an understandably complicated situation with the odds stacked against them.

What I got was a whiny, spineless, immature brat with a penchant for jerking the hero around and waaaaay too much drama. In fact, I may have spotted a llama roaming around somewhere (As in the drama llama).

So basically the story is that after seven years in the army ends with a shoulder wound Jackson Worthington is back home and still lusting after squeaky clean Lily Hastings, who just happens to be his stepsister. Kissing her was what got him kicked out of the house when he was 18 and basically he still wants the hell out of her. Lily is engaged to marry a man she doesn’t love because she’s all about pleasing the parental instead of finding her own happiness but despite that she and Jackson begin a red hot but secret affair. Of course, nothing can stay a secret for long right?

I just could not overlook how immature and weak Lily was! She needed someone to slap some sense into her pea brain because that girl just created a gigantic problem out of a situation that could have been solved with determination, stubbornness and some old fashion woman’s intuition. To me she seemed like a lifeless puppet who needed a puppet master in order to seem real. She seemed to enjoy playing with the Jackson’s feelings and that didn’t sit well with me. She knew she was hurting him and making him look bad but as long as she didn’t look bad it didn’t matter. I need my heroines to have a backbone in order to connect with them and Lily just didn’t have one.

Jackson was slightly more likable though I seriously questioned his taste in women. He had more development in his personality and I felt like he was more of a multi-dimensional character than Lily. His PTSD symptoms were realistic and really showcased where he was mentally when he was forced home.

Final Verdict: Bad Romance was sadly just what the title suggests, a bad romance which was a shame because I’ve enjoyed Jen McLaughlin’s books in the past.

A decent step-brother story, and it worked for me.

By Mignon Mykel

Received a copy of the title in exchange for an honest review.

As I stated in a previous review, the whole "step-brother", aka taboo-type relationship, story line was something that I never really understood the thrill of. Out of nowhere, it seemed that this line was increasingly popular and I just wasn't sure it was a bandwagon I was hopping on.

But now and again, I stumble across one that I'm totally on board with.

Take BAD ROMANCE, for example. When Jackson leaves home, it's against the word of his mother and his (no good, rotten, money whoring) step-father. They are getting him into Yale even if they have to pay him into the good graces of whomever matters. But that's not what Jackson wants -- he's joining the military. The only bright spot in this terrible home is Walt's daughter, three years his junior, Lilly. She's quick to smile, quick to give him an out, quick to help him get his mind off of things. For him to get what he wants though, he needs to leave her behind.

I felt that the 'ganging up' of his mother and Walter on Jackson was a bit overdramatic... But of all the scenes and all the dialogue, that was really the one chunk of words that seemed too far-fetched to me. Aside from that though, the writing was easy to get lost in and the story moved along well. Jackson had been forced to grow up early and hardened quickly, making his chosen profession an easy one to picture him in. Lilly was at times naive, but I felt she was a great counter-point to Jackson.

So for me, this was a decent step-brother story and it worked well in my opinion.

Jackson and Lily

By Amber@WickedGoodReads

Ahhhh. Jackson Worthington, how I love you. Recently there have been a lot of stepbrother romance novels being written, some of them really good and some not so much. My opinion on this one - one of the best ive read! Jen McLaughlin/Diane Alberts has never let me down so when I saw that she was dipping into the stepbrother trope, I had a feeling it was going to be at the top of my list!

Lily Hastings (spoiled Daddy's girl) is contracted to marry some douche in order to save her dad's company. In her mind, by marrying this man she has known her whole life but doesnt love, she is saving the jobs of hundreds of people. Taking one for the team, so to speak. Jackson Worthington is Lily's stepbrother. His worthless mother is married to Lily's overbearing father. As teenagers, Jackson and Lily share one steamy moment before getting caught and Jackson runs away to the military. After an injury forces him home, he and Lily reunite, quite by accident, and this is where the story really takes off. Lots of family drama, internal struggles and sexy times - this book has a really well rounded feel to it. I totally wanted to just pinch Lily's head off at times for her insane loyalty to her father's company. But Jackson... oh my. Sexy, sexy, sexy. The characters were very well developed and the editing was great, even for an ARC. And did I mention the cover.. {fans self}

I will definitely recommend this book and give it 5\*\*\*\*\* wickedgoodstars! -asw
