Vol. 3 of Amma's Devotional Singing Which Brings Unity with God

By Book Reader

"Bhajan is a spiritual discipline aimed at concentrating the mind on one's Beloved Deity. Through that one-pointedness, one can merge in the Divine Being and experience the Bliss of one's True Self." Very much affordable and appreciated!

Chant your way to bliss with a fantastic way to make the divine art forms of ancient times blend with modern technology

If you have an active satsang group that likes to sing bhajans from all the amazing selections of 5 volumes. Then that can be a lot of books to carry to your chanting venue and the kindle is a great way to lighten your load. So i downloaded my free kindle book reader app for my iPad. Downloaded all five Bhajanamritam volumes. With an ebook you can always read the chant when the lighting in the temple is a bit too dark. If you tap on the screen you can search for song title, or verse. Which is a great way to find the verse. You can enlarge the font size or font style to make sure you can read it more easily(you can make it so the chela next to you can read it also). Or if the background is too light you can adjust it to be darker or you make it black with white words. You can bookmark you favorite chants. It's also easy to highlight any word or parts of the page.and even add overlay notes in case you want to add notes on how to pronounce or sing this. This is a fantastic way to make the best divine art forms of ancient times blend with modern technology
