Rented this book for the semester and am in love with the fact that I didn't have to buy it a full price and wonder what to do with it after my class ended. It was, however, an interesting book that could be great for referring to if you were going into this field of study. It was just a gen ed course for me, but I still loved the information it shared. Once the semester ended, I had enough time to return the book, which was very simple since Amazon provides you the return label. Definitely rent from Amazon! I can't believe I ever hesitated about it.

Text book

By J. Rodriguez

If your a student and your class requires you to get the 5th edition of this book, don't get the 5th ed. You will be fine with this edition. It is is pretty much the same thing. The chapters talk about the same thing, same pictures, and exact same words. The only difference i found was that they pretty much cut and pasted the sections within the chapter and put it in a different order, so page number is a little different. But all the sections are in the same chapter. Get this edition if your on a budget. Its the same book different cover. I mean \$20 vs. \$110?
