Lesson book, many pages skipped and others duplicated.

By momof4

The "lesson" book was all messed up! It has duplicates and skipped pages. I would like to return it but Amazon says it cannot be returned.

Both my kids are taking piano and the mandatory reference materials are all Piano Adventures. This particular product was a great package deal, all but one was needed but the extra was a bonus!

Great set of books.

By Anony

Bought these based on piano teacher's instructions. My daughter started with Fabers My first piano adventures for the young beginner (yellow book) and she has progressed to Level 1 books (red). I have come to love how the books are structured starting with beginner level. Highly recommend all the Faber piano adventures books.
