Or, lots of also like reading this book Guilty Men By CATO' due to the fact that they really need to read this publication. It can be the one that really enjoy reading.

GUILTY MEN BY CATO' PDF

In his preface to the 1998 reissue, Michael Foot wrote, "'Guilty Men' was conceived by three London journalists who had formed the habit of meeting on the roof of the 'Evening Standard' offices in Shoe Lane, Fleet Street, just after the the afternoon paper had been put to bed and, maybe, just before the Two Brewers opened across the road'. The book's genesis and publication could hardly have been swifter. Its writing took four days from the 1st to the 4th June 1940: it was published on the 5th July. It is an angry book, indeed, a devastatingly effective polemic. Its target was the appeasers of the 1930s, the leading culprits being Baldwin, Chamberlain and Halifax who had left the country so ill-prepared, and who, by their pusillanimity, had emboldened Hitler and Mussolini; and in the case of the last two still favoured some accommodation with the fascist dictators. In today's parlance, it would be called a wake-up call. It was very successful selling about 200,000 copies. Kenneth Morgan, Michael Foot's biographer, describes the book as consisting of 'a series of brief vignettes of key episodes or personalities, the latter invariably foolish or dishonest'. Michael Foot wrote eight of the chapters, the first and most powerful one being on Dunkirk. Although Michael Foot was the main contributor, and the one who suggested 'Cato' as the umbrella pseudonym, the other two, as Michael Foot would be the first to admit, Peter Howard and Frank Own should not be forgotten. Seventy years on, "Guilty Men" has not lost its readability and power to enrage.

When the pen can be sharper than the sword.

By keetmom

Written in the white heat of anger by three left of centre political journalists and rushed into publication just as Churchill became Prime Minister of a shattered nation staring down the barrel of almost certain defeat by Nazi Germany, "Guilty Men" remains one of the freshest and powerful denunciations of political arrogance and negligence ever written. The swords of WWII are rusty and forgotten, but this work of the pen endures. It is polemic of the highest kind - focused, informed and brutal in its judgement, marshalling fact and rhetoric to devastating effect. For any student of politics or history, this little book is a must read not just as a devastating critique of appeasement, but more importantly as a reminder of what responsibilities the elected leaders of any democracy bear and how easily they can delude themselves and their followers in the pursuit of the soft options. Vigilance must be eternal.

Must read for the coming war

By S. Howe

This is an amazing book. I didn't know such a book existed. This is a must read for all people.

5 of 8 people found the following review helpful.

Righteous Denunciation of Appeasement

By Kilroy

Here is the gallery of fools that brought Hitler to the threshold of world domination, most of these accounts are too polite. Not for the faint of heart! Ad Lloyd George to the pot and you've got a catalog of political self destruction unmatched until our contemporary determination to walk the economic plank. This is the book that finally threw these bastards out - stunning.
