Amazon.com Review

Journey of Souls is a controversial yet inspiring investigation of the big question we all face at one point or another: "What happens after we die?" To find the answer, Newton opens cases from his private practice in which he hypnotically regressed his clients to a point between lives--after death, but before birth. Not only does Newton grapple with reincarnation, the spirit world, and the nature of the human soul, he also tackles equally sticky questions such as "Is there a Heaven and Hell?" and "What are ghosts?" Readers with a penchant for skepticism will balk at the lack of physical evidence to back up the claims in *Journey of Souls*, but the book remains a reassuring voice, affirming that our existence is not limited to the boundaries of our mortal flesh. --Brian Patterson

From the Publisher

Sooner or later, everyone wants to consider certain questions: Why am I here on Earth? Where will I go after death? What happens after I die?

Journey of Souls by Michael Newton, Ph.D., is the first book to answer all of these questions, including what happens to our souls as we await rebirth. No book or novel could be more startling and provocative than *Journey of Souls*. That's why over 165,000 people already have this book. You should get it, too.

What you will read in *Journey of Souls* will shake your preconceptions about death. Over the years, Dr. Newton, using a special hypnosis technique he developed, has taken hundreds of people into the spirit world. The 29 cases recounted here encompass the reports of the very religious, the spiritually noncommitted, and those in between. Surprisingly, they all displayed a remarkable consistency in the way they answered questions about the spirit world.

Perhaps, it is not surprising at all. It is simply the truth. You can take this truth to help you understand the purpose behind your life choices and learn why your soul and the souls of those you love live eternally.

You owe it to yourself to get *Journey of Souls*.

About the Author

Michael Newton, Ph.D., holds a doctorate in Counseling Psychology, is a certified Master Hypnotherapist, and is a member of the American Counseling Association. He has also been on the faculty of higher educational institutions as a teacher while active in private practice in Los Angeles. From deep, deep grief to having hope...

By Amazon Customer

One year ago today I lost my son. He was a vibrant, healthy, happy & successful 25 year old who was living his dream... He went to sleep around midnight on February 19th and sometime overnight had a sudden arrhythmia, (an "off" heartbeat), and died. I didn't have the chance to say goodbye, tell him that I loved and appreciated him beyond measure, and we still don't know why the arrhythmia occurred. Poof, he just disappeared from our world. Where did he go? How and why could this happen?

I've not been a spiritual person, or believed in God for that matter, yet I must admit that there's got to be more to life than we could possibly conceive of. I so badly want to know that he's still with me now in some way, that I'll see him again, so I'm trying to educate & convince myself...

In my desperate attempts to FIND a true belief in Spirit I've purchased many books. I've read the first 1/2 of most of them, then I tire. Then I came across this beautiful book, this gift, that has truly given me hope, made sense of things that I'd not been open to before. I'm a left-brain, scientific, fact-based thinker and the people who claim to know, really know about a God or an existence beyond, well, they've not been people that I could relate to... Now I'm truly getting there thanks to Journey of Souls.

Would it sound too crazy if I called it one of the most meaningful, hopeful, beautiful book I've ever read? My paperback copy is on my nightstand for constant go-to when I have a crashing wave of pain, I have it on Audible to lull me to sleep when I can't otherwise, and I've purchased 12 other copies for friends and family. I LOVE this book and am so thankful for its gifts to me.

Please read this book!

By Misty cat

I have been reading spiritual, channelled books for decades and I loved or liked many but none of them answered so many questions and described the afterworld like this one. I have had so many a-ha moments while reading it and I have got so emotional while reading of "home". I didn't want this book to finish and I found out with joy that the author wrote a few other books so I have immediately bought Destiny of Souls too.

This book will change the way you look at life on Earth. There are so many things that apparently make no sense but you will find out that everything has purpose. No life is wasted or accidental and no pain is in vain. You will look at the people and friends or enemies around you in a different way.

It's incredibly eye opening and no woo woo stuff. No distorted channelling. It could be any of us undergoing hypnosis and speaking from our higher self. I'm truly grateful for this book and for the work of Dr. Newton.

I wish I read this years before....

Highly impactful, life changing read!

By Antz

I have a very analytical mind and always have a tendency to ask questions in any kind of situation(s). Growing up, I have been exposed to different religions and I have come to the conclusion that at the very foundation, all religions are the same - try to be a good person and not harm others. Problems starts with religion when we introduce intermediaries - like priests - and become even more complex and politics is in the mix. I consider religion a way of controlling society because many of us will not question an instruction from a higher authority who says - "you will not enter heaven, if you perform such an action".

This book has impacted my life in the most profound manner. I cannot even comprehend how much it is. Even if the contents are not true, it does not matter. I know that after reading this book, I have been able to change the way I live my life, the way I have empathy for others, my true purpose in life and lastly but not the least - having peace and not afraid of death, whether it is my own or my immediate family.

The only thing you have to keep in mind is - be open to what the book is talking about. And ask your heart rather than your mind (there is a big difference) what you feel. You will be pleasantly surprised.

I highly recommend this book for personal growth and development.
