Very Interesting Read!

By Mackenzie

I did not know about quickbooks software until I read this book. It helped me understand how quickbooks work, and how to use the benefits that quickbooks offer. If your a small business owner I highly recommend reading up on quickbooks!

Great accounting tips

By Makaveli

You will learn why every business needs quickbooks, the key features in the pro edition, and even some good accounting tips to help you in your business.

This book seems more like an advertisement for QuickBooks rather than a user guide

By V. A Heifner

This book seems more like an advertisement for QuickBooks rather than a user guide. In all fairness I only read the first 3 chapters and felt that continuing any further would be a waste of my time. I was looking for a concise guide to help me setup QuickBooks, which I already own. This most definitely isn't it.
