First published in 1910, this classic book is considered Ehret's health masterpiece. He explains how to successfully conduct and complete a fast in order to gain maximum strength and energy for joyful living. Also included are essays based on Ehret's teachings by Fred Hirsch and long-time devotee Teresa Mitchell. Section I * Ehret's theories on the fundamental causes of disease * Complete instructions for fasting and living in harmony with nature * Health and Happiness Through Fasting Fred Hirsch Section II * Your Road to Regeneration Building Bodily Strength and Efficiency * My Road To Health Teresa Mitchell * Internal Cleanliness Fred Hirsch Section III * Ehret's Treatise on the Definite Cure of Chronic Constipation * Overcoming Constipation Naturally Arnold Ehret was a man of unique insight, with a prophetic understanding of how to cleanse and rebuild the body. It would take the world of orthodox medicine 80 years to catch up with him. Gary Null, PhD

Found my answers!!

By Suzanne Major

What a simple, wonderful and true author. No marketing (low price), no pictures, no turning around the pot...just the truth, take it or leave it! The transition diet is easy to make when we follow the instructions. I felt this man speaks right from his heart, wanting to help people to live a wonderful life. I read many other books, and still come back to this one.

EXCELLENT! Must Have !

By Walt Goodridge(walt@nichemarket.com)

I recommend this book highly to anyone who's looking to find the foundational cause of all disease as well as the one true cure! This is one of the top requests in our Health Niche on our website, and recommended reading for the Vegan Journey Roadmap!

comprehensive but to the point

By A Customer

I believe this book is worth gold. The benefits one can achieve are amazing. However, some see the book as outdated because of the new information we may believe "modern science" has, but I think that there are

basic truths contained in the book that have nothing to do with modern technology. The idea is that by following the simple advice, much of modern technology in medicine will not be needed as you can do so much for yourself than you once thought possible.
