Who says a cowgirl can't have it all?

Lone Star Lovers, Book 7

Stormy is a rancher's daughter through and through, and although she went away to college, her soul is firmly rooted in home ground—and the cowboys she grew up tormenting. When she hears her father might be selling the ranch, she packs her bags and high tails it for home, terrified she might never get another chance to lasso the heart of one of her cowboys before the hands scatter to the four winds.

For Cam and Joe, foreman and wrangler on the ranch, Stormy was a pain in the seat of their Wranglers. But when she roars back onto the ranch, the spoiled brat they remember emerges from the cloud of dust in skin-tight jeans and spike heels and all grown up.

It only takes a hot second to figure out she's hell-bent on seduction. But if she thinks they're going to make it easy for her to pick which cowboy she wants most, she's sadly mistaken. And who says she has to choose one?

Warning: Contains cowboy-style spanking, flogging, and hog-tying. And a cowgirl who loves every minute of it.

Hot Novella

By Jenn

Reined In by Delilah Devlin is the latest addition in her Lone Star Lovers series. Reined In is a great novella featuring hot cowboys and a girl going after what she wants. In Reined In, Stormy comes home to see her cowboy crushes before her dad sells the family farm. Cam and Joe have wanted Stormy forever but she was their boss's daughter and she was young. Now she is all grown up and ready to make some memories with Cam and Joe. Loved this story, highly recommend!

Reined In

Delilah Devlin has done it again. Sexy love story that all three people bring something to the relationship. They are willing to do what it takes to make it work. Menage books may not be for everyone and that's okay. Well written, wonderful book. Would recommend it to anybody that loves a good romance book.

Hot Read!

By LAS Reviewer

Stormy Jordan is a spoiled brat. She knows it. Her dad knows it. The men who have pined after her since before she left for college know it. Now she's home thinking it might be her last chance to see if a hot spanking and a melting kiss meant as much to them as it did to her. Her biggest fear is having to choose and then having to explain to her dad why simply she can't choose. Too bad Stormy's been away from home for so long. She's most definitely going to be surprised at how things in this Lone Star town have changed.

This book called to me with its feisty, smart mouthed heroine, two hot cowboys and a nice touch of BDSM thrown in. It's all rolled together, I knew going in, and having read other stories by this author, that it was sure to be some smoking hot fun. Ms. Devlin didn't disappoint.

Stormy was a fun character because it was easy to root for her to be disciplined. That might sound strange, or not for readers who frequently read BDSM, but she was asking for it. Over and over. And Joe and Cam gave it to her. Over and over. The push/pull dynamic doesn't work in every relationship but these three understood each other's strengths and weaknesses. They complimented each other and that made for a good menage story.

Joe and Cam worked like two halves of a whole even though they were friends rather than blood related. When Joe played the alpha, Cam tended to be the softy. It was nice to see that they could switch roles when the situation called for it, too. Ms. Devlin did a good job building the tension and even teasing with future possibilities for the future of this trio.

I haven't read all of the books in this series, yet, but I met some interesting groupings at the barn dance and that sent me on a search for more Lone Star Lovers. If alpha males, mouthy heroines who need a strong hand and some red hot menage lovin' is to your taste, I would suggest giving Reined In a go. Short story, big on fun.
