REVELATION: A RETURN TO VIRTUE BY JAYME LOUIS LIARDI PDF

Genocide, famine, usury, decadence and disillusion--waking up to the realities of this modern world can lead one to a stark depression. Is there an alternative to the life of comfortable complacency? Part memoir, part manifesto--all call to action. This is a message to the youth of today, those who may feel disenfranchised with the modern "progressive" world, and seek an alternative. This book dares the youth to question the dogma of today and rekindle their primordial wisdom inside. Through a series of 'life experiments', intimate narrative, and personal experience going through the 16 year education system (the "Indoctrination of Fear program"), Jayme shares how one can revolt against the Modern World and come to ones own revelation--to return to virtue. It is an important contribution to a swelling tide of independent thinking that just might lift humanity out of the muck and mire of a dispiriting age of delusional commerce." -Marc Fasanella, PhD

Jayme successfully captures the reader from page one and embarks you on a spiritual journey addressing the questions we have all thought yet never committed to answering. Be prepared to scratch your brain and question the fundamentals that have been engrained in us all since birth. All in all a well written thought provoking read I'm happy to say I spent time with.

Revelation: A Return to Virtue is by far, one of the greatest books I have ever read in regards to spiritual discovery. This book opens your mind to see how our society is so embedded into social media, and worrying about what is cool, and what is not. Our society tends to hold onto negative past experiences either through social media or through personal interaction, and we feel as though we cannot be ourselves. What we tend to forget is that we are holding on to these negative thoughts and allowing it to become apart of us. This book guides us to not worry about those societal norms, and to be our essential self WE want to see

in OURSELVES. From reading this book, Jayme guides you through the process of letting go of the past, and focus on discovering your inner self; to start a new chapter in your life. This book is thought provoking, and a must read for everyone.

Turn your Rage into Virtue

By Andrew

Jayme Louis Liardi, paints a picture for those who seek beauty. He paves a path for those who are lost. He provides the tools for those with none. These are the things I found between the lines of this book. There were so many times, while reading, that I had to take a step back and realize that I too have felt the same emotions and pondered the same thoughts. Revelation: A Return to Virtue, was easy to read, literally felt like a conversation between the author and myself. Instead of being angry at all the terrible things in this world, I turn my rage into Virtue.
