A Simple Guide to Preserving

By Lindsey Hardegree

If you only buy one book on canning/preserving, make it this one. The book is simple, and doesn't contain pictures, but it gives you the steps for success for every kind of canning or preserving project you could come up with. Reading this book takes you back to a simpler life, and reminds me of my grandmother in that this is exactly how her generation approached food. A phenomenal resource for anyone interested in seasonal eating!

Worth the gamble

By cindy

This is a wonderful book for freezing, canning or drying. It has lots of information and for someone like me who may forget year to year, there's charts, blanch times, pros and cons, what works or doesn't work and receipts. I'm glad I gambled and purchased this book. Great reference book forever. Better than Ball by far.

Anyone that wants safe food or nice looking food for showing at the fair needs this ...

By Kindle Customer

purchased for my daughter because I use mine constantly. Anyone that wants safe food or nice looking food for showing at the fair needs this book. I have won ribbons for many of my canned goods using this book.
