Where's Wally for Star Wars fans

By Sarah (Feeling Fictional)

If you've ever enjoyed the Where's Wally? children's books and you're a fan of Star Wars then you're going to LOVE Where's the Wookiee? It's exactly what you'd expect from a children's activity book in this style, it has some fabulous and very detailed cartoon images of very recognisable Star Wars locations and you have to search these double spread images for Chewbacca and 9 other characters from the movies (including Han Solo, the Millennium Falcon, Boba Fett & Bossk among others).

Some characters are fairly easy to find while others will take much longer (in fact there are a few I STILL haven't spotted!) but there is definitely hours of entertainment for all ages in the book.

Where's the Wookiee? will make a great Christmas present or socking filler for Star Wars fans of all ages.

Awesome book!

By C

I bought this as a gift for my cousin, I figured it was unique because it was not widely available in the states, so odds are he wouldn't be receiving it from anyone else. I've seen some of those other Star Wars search &

find books that have pretty sparse illustrations and you could find the object from 30 feet away, this is a pretty quality book, in the same manner as Where's Waldo/Wally. If he doesn't like the book, I'll be more than happy to keep it myself!

The book was pretty unique. My boyfriend and I were a bit ...

By B.Page

The book was pretty unique. My boyfriend and I were a bit disappointed with the art style of the actual search pages. The front back and indexes and any non-search and find geared pages had a clear style. Many of the search and find pages seemed to decrease in quality to the point of not being able to tell if we actually found a character because it seemed to be drawn sloppy compared to the standard that we expected based on the cover and opening pages and character profile.

Overall it was still fun to go through and we enjoyed it enough along with having a few good laughs.
