Excellent

By Walter Weber

This is one of the best books I have ever read on why we do student ministry. It provides a clear call to student leaders to focus their efforts on the spiritual side of youth ministry. If you are tired of the "bells and laser show" youth ministry programs this will give you very clear direction for course correction.

Great Book!!

By Brian Capshaw

There is a small handful of books that I keep referring back to on Student/Family Ministry and this is one of them. This book is very practical and gives some insightful ideas on how to incorporate various generations and adults with your Student Ministry. Great Read...worth the time to read it.

Shift in thought

By Smalls

There needs to be a change in how churches see and embrace teens. Too often they are an afterthought to children's ministry. Dr. Ross leads thought provoking realities and challenges to rethink the current design and effort we have in student ministry.
