Early on the morning of her 11th birthday, on the beach beside her North Carolina home, Daria Cato receives an unbelievable gift from the sea: an abandoned newborn baby. When the infant's identity cannot be uncovered, she is adopted by Daria's loving family. Now, 20 years later, Shelly has grown into an unusual, ethereal young woman whom Daria continues to protect. But when Rory Taylor, a friend from Daria's childhood and now a television producer, returns at Shelly's request to do a story about the circumstances surrounding her birth, something precarious shifts in the small town of Kill Devil Hills.

The more questions Rory asks, the more unsettled the tiny community becomes, as closely guarded secrets and the sins of that long-ago summer begin to surface. Piece by piece, the mystery of summer's child is being exposed, a mystery that no one involved - not Shelly, Daria, not even Rory - is prepared to face.

A beautiful story

By A Customer

Daria Cato, unlike her older sister, cousin, or mother, enjoys waking up early and walking along the beach on North Carolina's Outer Banks. On her eleventh birthday, Daria begins her solitary stroll along the Kill Devil Hills Beach when she finds a discarded new born whose afterbirth remains attached to her. She brings the baby to her home, which leads to the child's life being saved. When no mother is discovered, Daria's family adopts the baby, raising Shelly as their own.

Over the years, Daria's parents die and her sister becomes a nun. Daria raises Shelly. However, unbeknownst to Daria, Shelly has written a letter to a former neighbor, Rory Taylor, who is the famous host and producer of TV's popular True Life Stories. Since Rory is very good at uncovering mysteries, Shelly wants him to identify her birth parents. Rory was a teen when Daria found Shelly. He has always been a bit haunted by her story. As he begins his investigation, Daria worries about Shelly and opposes his inquiries. However, Daria and Rory fall in love even as the truth rocks a small coastal community.

SUMMER'S CHILD is a taut romantic suspense that digs deep into psychological relationships between people and the after effects of their relationships. The story line is fast-paced with the mystery of Shelly perfectly plotted. The lead characters are a delightful duo and the prime supporting cast (Daria's sister, Shelly, and Rory's son) adds depth. As with *KEEPER OF THE LIGHT*, Diane Chamberlain writes novels

that entertains readers with a suspense-laden insight into the human condition.

Interesting and original story

By Bonnie Gilbert

Early one morning while walking on the beach, Daria found a newborn baby. Bringing the baby to her mother, she saved the babies life. Unable to find the mother the baby girl was adopted by Daria's family.

Now, 22 years later, the baby is a young woman and wishes to find her mother. After contacting a television producer, she allows an old friend of the family to delve into her past.

But this is not a mystery that the family wishes to have solved, and the more facts that are brought up the more questions are asked. Who was Shelley's birth mother that left her on the beach to die all those years ago?

Summer's Child is the second book I've read by Diane Chamberlain. While not nearly as heart stopping, page turning as Breaking the Silence, this book will keep the pages turning and surprise the reader in the end

Her Worst Book

By Loves to Read

Let me start off by saying I love Diane Chamberlain as an author. Having said that, this book was the worst book she has ever written. The characters were flat and the story line basic.

I won't reveal the ending or give another summary of the plot as others have already done so, but the ending was terrible. After investing so much effort into reading this story I was so disappointed in the ending. The whole book was a downer!!

Ms Chamberlain usually has an unusual twist at the end of her stories that keep you interested in reading but I had this one figured out after about page 40. I hope that she is not becoming one of the authors that loses her edge by cranking out 2 books a year. Since she has so many other good books that she has written--choose a different one!!
