great research book of marvel 70s rarities

By Alex Haig

Pretty strong collection of early 1970s Marvel Merch in all its' splendor.

A research book of this caliber deserved hardcover treatment,

but Pages are high quality paper and reproductions.

Suggested values are laughable on some items,

most notably the Third Eye Posters which sell for extremely more than valued here.

But if you loved Marvel Comics in the early half of the 70s, it's a must have pilgrim.
