Review

"If you want to understand the ideological forces that have shaped North-South relations for half a century, you need this remarkable book." - Susan George

"Compelling and exciting reading... Rist's book, written with deliciously mild irony, is an account of the most crucial moments in which the rites of a belief embraced by millions were elaborated and canonized." - European Journal of Development Research

"This book does an outstanding job." - Journal of Developing Areas

"This book is one of the most astute of its genre available today... exact in its scholarship and profound in its clear account of the philosophies and consequences of the Western example." - Rapport

About the Author

Gilbert Rist is professor emeritus at the Graduate Institute of International and Development Studies in Geneva, Switzerland. He first taught at the University of Tunis, became the Director of the Europe-Third World Centre in Geneva and, later on, Senior Researcher on a United Nations University Project. Afterwards he joined the Graduate Institute of Development Studies where he taught intercultural relations and social anthropology.

THE HISTORY OF DEVELOPMENT: FROM WESTERN ORIGINS TO GLOBAL FAITH, 4TH EDITION BY GILBERT RIST PDF

The History of Development, now in its fourth edition, is a classic development text, which has both defined and changed its field. Gilbert Rist provides a complete and powerful overview of what the idea of development has meant throughout history. He traces it from its origins in the Western view of history, through the early stages of the world system, the rise of US hegemony, and the supposed triumph of third-worldism, through to new concerns about the environment and globalization. In a new chapter on post-development models and ecological dimensions, written against a background of world crisis and ideological disarray, Rist considers possible ways forward and brings the book completely up to date. Throughout, he argues persuasively that development has been no more than a collective delusion, which in reality has resulted only in widening market relations, whatever the intentions of its advocates.
