THE POLITICAL SPECTRUM: FREEDOM VS. ENSLAVEMENT BY DAVID R. YOUNG PDF

Reviewing, as soon as even more, will certainly provide you something brand-new. Something that you do not know then exposed to be renowned with the book *The Political Spectrum: Freedom Vs. Enslavement By David R. Young* notification. Some knowledge or driving lesson that re obtained from checking out books is uncountable. Much more books *The Political Spectrum: Freedom Vs. Enslavement By David R. Young* you check out, more knowledge you obtain, and also a lot more opportunities to constantly enjoy reading e-books. Considering that of this reason, reading book must be begun from earlier. It is as just what you could acquire from guide *The Political Spectrum: Freedom Vs. Enslavement By David R. Young*

About the Author

David R. Young, Gold eLit Award winning author is an entrepreneur, professional home designer and President of Arcdesign, an architectural firm in Clearwater, Florida. Young's first brush with politics was at a young age. He saw his parents and another couple who had been close friends become estranged. The reason? Politics. His parents were Republicans, their friends Democrats. This conflict left an impression on him. Young noticed the events of 911 brought both parties together. Political differences were set aside and being an American was foremost in our thoughts. But soon after "politics" drove Americans apart. Young began to research the political spectrum to gain more understanding on what appeared to be tearing the country apart. The book lays out the journey which uncovered false information and complexities added to the subject of politics and, just as our Founding Fathers used Liberty and Freedom as their guiding light, Young found this same line of thought resolved the confusions of the political spectrum. Where does Freedom fit on the traditional political spectrum? It is the single, most important concept which set America apart from the rest of the political world. This book may not bring everyone together. It certainly will not be looked upon kindly by those who have a vested interest in the collapse of Freedom. However, for those who believe America was founded on freedom and should remain so, this book will bring a new level of understanding to the field of politics and an increased ability to act. THE POLITICAL SPECTRUM: FREEDOM VS. ENSLAVEMENT BY DAVID R. YOUNG PDF

Enticing!

Thought provoking! 5 Stars, easily!!

This book raises the interesting question - if it's not widely read, will we lose our Republic?

So well written a 9th grader can comprehend it. So well researched a political pundit would learn from it and be more effective at his job.

The Political Spectrum: Freedom vs. Enslavement tackles and tames a subject vital to the American people.

This is the voice of logic and reason applied to politics.

You won't be disappointed!

What you don't know... can hurt you!

By DrDyno

The gift of "The Political Spectrum" to me was to educate me in areas I was sure I knew! Turns out I wasn't so smart after all. Young takes a step by step approach to educate us (well educated) readers about the ideologies whose names are so common their understanding is considered passe'. The more I read the more I

realized I had never really known much about some of the political labels I felt very comfortable using. "Fascism" is a good example. To me, fascism was like pornography: hard to define but I knew it when I saw it. Now, I know what it is, where it came from and what its ideologies are. I've also learned why it's important to know how to recognize it and where it resides along the political spectrum.

"The Political Spectrum" is a must-read in today's world, especially as we are witnesses to great changes within our own country. It's an easy read and easy to use as a political reference. If I have any complaint it's that I wish Young had gone further into the uniquely American aspects of our republic. Oh... I am now completely clear on why we are a republic and not a pure democracy and... why that's important.

I'm looking forward to future editions to see how Mr. Young continues to develop his own thesis.

I really like this book -- David gives clear descriptions of the ...

By volunteer

I really like this book -- David gives clear descriptions of the different political and cultural beliefs. It is a very easy read, and full of useful information. The only disagreement I had was with one sentence in Chapter 10 -- that the "teachings of love" by Buddha, Christ, and Muhammad "brought a civilizing influence to both East and West." Buddha, Christ...yes. Muhammad? He was a bloodthirsty warlord who wiped out whole villages.

Like I say, only one sentence in the entire book made me wince. The Political Spectrum is one that I would re-read, definitely.

This Book could inspire Oprah

By inspiredoften

What an inspirational and informative book. I finally understand clearly the proper placement of the FACTOR of Freedom when working out the political spectrum. It all makes sense to me now. And like the song of the Who, "I won't get fooled again." Because I want to keep my freedom intact from here on out!

Thank you. It's a great book!
