Out of this world

By Richard Petsch

This is a real taste of what is to come. Plenty of action. A story that gives the series a real bang. I know the movie will be worth it. I recommend this to all transformer fans. Shockwave is a true villain, but many other characters are in this huge story. It has some surprises in it. Take care and I will see you at the movie.

Exact retelling of Movie

By Nicholas J. Calabrese

The third of three graphic novels. It is the official adaptation of the film and retells the plot of the film, also tells what happened to the twins. Do not read before seeing movie, I read after I saw film, it will spoil the movie if you had not seen it yet. I recommend this book just see movie before you read.
