# **WOMAN AT WILLAGONG CREEK (JESSICA HART VINTAGE COLLECTION) BY JESSICA HART PDF**

Five of top romance author Jessica Hart's earliest novels are now available for the first time as e-books. Previously published by Harlequin / Mills & Boon, all the books in the Jessica Hart Vintage Collection are personally introduced by Jessica and feature her trademark warm, witty and feel-good style.

So take time out, treat yourself, and rediscover your old favourites or meet new friends.

Travel with Jessica from the green of the English countryside to the heat of the Australian outback, and escape to a world of romance and adventure!

In *Woman at Willagong Creek*, cool, chic, city girl Olivia flies out to Australia to bring her best friend's orphaned son, David, home to London. Cattle rancher Guy, who's been looking after David, wants to keep the little boy with him at Willagong Creek - no place for a woman like Olivia. The only way she can stay and care for David is a marriage of convenience to Guy. Against the wildness and heat of the outback, Olivia's feelings grow for her strong, masterful husband - but Guy won't lay a finger on her ... until she asks. Will Olivia dare to seduce her own husband?

Bonus material! Includes the first chapter of *Legally Binding*

Self absorbed heroine

By Secret Romance Junkie

This work was originally published in 1992. For the most part it was well written. There were two things that bothered me. The first was the strange deviations from the singular POV. The story is written from Olivia's POV only. But there are strange descriptions of her that sound like they should come from Guy. Either that, or she's vain.

The second thing is more a personal preference. I found her to be somewhat silly and self absorbed. She's afraid of horses, snakes, insects, blood, etc. She's supposed to be doing everything for the young boy David but there was only one scene where there was any evidence that she cared for him.

In the end, I was not convinced that she would ever be happy living in the outback for ever.

A vintage Romance!

By Harlequin Junkie Blog

In *Woman at Willagong Creek* by Jessica Hart, Olivia goes to Australia to bring back and raise her best friend's orphaned son, David to her home in London but things do not go as planned when Cattle rancher Guy, who's been looking after David since his parents' death is not willing to let him go. The only option Olivia has now to stay at Willagong creek (Guy's home) and raise David and to stay she has to marry Guy to extend her visa. A marriage of convenience soon becomes something more deeper and meaningful as the days pass and with sparks flying everywhere, Guy is not ready to seduce Olivia until she asks - Now it's up to Olivia to give their relationship a new meaning.

Will two people completely unsuited for each other resolve their differences and become true soul mates..??

Jessica Hart has written a good romance with great anticipation moments and I was hooked on the story from the beginning. The pace was fast with almost no unnecessary dragging and the romance was interesting enough with great chemistry and jealousy moments for the book to be a page turner. The characters took a lot of time for me to understand and perhaps that was because this was a vintage romance with characters having a completely different outlook and thinking than what I have.

Olivia was difficult for me to understand most of the times in the story because the choices she made or the way she reacted in certain situations but overall she was a likable character. If Olivia was difficult then Guy was impossible to understand because he was a very closed off character and as the story is written in Olivia's POV, I could never get what Guy was thinking or why he was reacting in a certain way.

Overall *Woman at Willagong Creek* is a good vintage romance. The chemistry between the characters is great and the story keeps you hooked throughout. If you like Classic Harlequin romances you will definitely enjoy this book.

Classic, well related romance

By Ruchi Vasudeva

*Woman at Willagong Creek* is one of the older Harlequins penned by Jessica Hart. I really enjoyed reading this classic Mills and Boon take on marriage of convenience trope. The sophisticated heroine is brought down to the basics by the outback hero because of the situation. She sticks to her guns and proves she can handle anything, in the process falling for the hero. Guy is the quintessential poker face tough guy. But you still root for him because Jessica Hart brings the characters' human side alive and makes them fascinating. One thing that struck me odd about the book was the cover. It hints at a much more sensual romance than this one was. Overall, this was an enjoyable ride into the olden days Australian outback.
