It can be the one that actually enjoy reading.

ZEH LO NORA: REFERENCE BOOK FOR STUDENTS OF HEBREW: SECOND EDITION BY RUTIE ADLER PDF

Ze Lo Nora was designed with two different readerships in mind - newcomers and old pros. Beginning and intermediate Hebrew language students will find in Ze Lo Nora clear, reliable explanations and memorable examples of all points of Hebrew grammar. It is an indispensable supplement to any Hebrew textbook. Rules and comments on style and use are presented in a simple, informative, and non-dogmatic manner, with examples from the language as it is actually spoken. In addition to the usual staple of verbs, nouns, and adjectives, the book covers "little items" such as pronouns, prepositions, prefixes, and discourse ties and "big ones" such as clauses, and sentences. It also touches upon a variety of "how to" questions of use. Students and readers more conversant with Hebrew will find interspersed in the text, in clearly demarcated sections, more complex structures and structural explanations, more nuanced discussions of linguistic issues, instructive historical notes and sample texts of diverse genres. Each unit in the book is self-contained, making it possible for the user or reader to pick and choose a topic independent of place and sequence of the book. All simple examples are voweled and translated whereas the more advanced ones are not.

Excellent reference and study book for modern Hebrew students

By Anne B

I have been teaching myself Hebrew on and off for the past 3 years, using a variety of textbooks, online resources and friends. When I recently stumbled across this book in an Amazon search I decided to give it a try. I am so glad, it greatly surpasses all my other reference books and grammars!

Chock-full of information (I have barely scratched the surface so far) on seemingly every aspect of the language. Easy to understand explanations, many example sentences and expressions (complete with vowels which I still need for reading) and then also sections marked for the advanced student.

It is not a textbook and it doesn't claim to be one, but I am beginning to use it as such by picking out a topic or chapter at a time and every bit of information is immediately useful and relevant. Linguistic and grammatical terms are clearly explained (I did not know the difference between a direct or an indirect object for example, but now I do). The examples are all very timely, modern and useful sentences, unlike many stiff or outdated sentences in many textbooks and grammars that I had used before.

Another great resource is in the appendix, and again, I have barely begun to scratch the surface: Complete verb tables on all the different forms, allowing you to fully conjugate any binyan or verb pattern.

Prepositions, pronouns, you name it, all those "little" but oh so important words clearly listed and explained.

Overall, I am thrilled I found this book, and I am sure I will put it to good use. I can highly recommend it for every student of modern Hebrew, beginners and advanced students alike!
